34 nature or amount of governmental interaction with that individual
35 including, without limitation, benefits, protections, required

6 information officer to provide a common platform for hosting existing
7 state data on natural hazards risks into a comprehensive,

PART II
HUMAN SERVICES

Sec. 201. 2022 c 297 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. The office of the chief information officer
5 shall maintain a statewide perspective when collaborating with the
6 coalition to ensure that projects are planned for in a manner that
7 ensures the efficient use of state resources, support the adoption of
8 a cohesive technology and data architecture, and maximize federal
9 financial participation. The work of the coalition is subject to the
10 conditions, limitations, and review provided in section 701 of this
11 act.

12 (8) (a) The appropriations to the department of social and health
13 services in this act must be expended for the programs and in the
14 amounts specified in this act. However, after May 1, (~~2022~~) 2023,
15 unless prohibited by this act, the department may transfer general
16 fund—state appropriations for fiscal year (~~2022~~) 2023 among
17 programs and subprograms after approval by the director of the office
18 of financial management. However, the department may not transfer
19 state appropriations that are provided solely for a specified purpose
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are
22 insufficient to fund actual expenditures in excess of fiscal year
23 (~~2022~~) 2023 in response to the COVID-19 pandemic or caseload
24 forecasts and utilization assumptions in the long-term care,
25 developmental disabilities, and public assistance programs, the
26 department may transfer state appropriations that are provided solely
27 for a specified purpose. The department may not transfer funds, and
28 the director of the office of financial management may not approve
29 the transfer, unless the transfer is consistent with the objective of
30 conserving, to the maximum extent possible, the expenditure of state
31 funds. The director of the office of financial management shall
32 notify the appropriate fiscal committees of the legislature in
33 writing seven days prior to approving any allotment modifications or
34 transfers under this subsection. The written notification shall
35 include a narrative explanation and justification of the changes,
36 along with expenditures and allotments by budget unit and
37 appropriation, both before and after any allotment modifications or
38 transfers.

1 (9) The department may not transfer appropriations for the
2 developmental disabilities program to any other program or
3 subprograms of the department of social and health services.

24 hospital patients into community settings within fourteen days of the
25 determination that they no longer require active psychiatric
26 treatment at an inpatient level of care. The department must use
27 these funds to track the following elements related to this
28 requirement: (i) The date on which an individual is determined to no
29 longer require active psychiatric treatment at an inpatient level of
30 care; (ii) the date on which the behavioral health entities and other
31 organizations responsible for resource management services for the
32 person is notified of this determination; and (iii) the date on which
33 either the individual is transitioned to the community or has been

37 and other organizations responsible for resource management services.
38 The department must summarize the information and provide a report to

9 and for developing a model to estimate demand for civil and forensic
10 state hospital bed needs pursuant to the following requirements.

11 (i) By the first day of each December during the biennium, the
12 department, in coordination with the health care authority, must
13 submit a report to the office of financial management and the

27 the state and regional level.

28 (ii) The department must provide staff support for the forensic
29 and long-term civil commitment bed forecast which must be conducted

39 demand for civil and forensic state hospital services. Factors should
40 include identification of need for the services and analysis of the

1 effect of community investments in behavioral health services and
2 other types of beds that may reduce the need for long-term civil
3 commitment needs. The forecast must be updated each February, June,
4 and November during the biennium and the department must submit a
5 report to the legislature and the appropriate committees of the

32 feasible, these recommendations should detail how to enable facility-
33 based professionals to deliver services at mobile or brick-and-mortar

35 federal funding does not require expenditure of state moneys for the
36 program in excess of amounts anticipated in this act. If the health
37 care authority receives unanticipated unrestricted federal moneys,
38 those moneys shall be spent for services authorized in this act or in

1 any other legislation providing appropriation authority, and an equal
2 amount of appropriated state general fund moneys shall lapse. Upon
3 the lapsing of any moneys under this subsection, the office of
4 financial management shall notify the legislative fiscal committees.
5 As used in this subsection, "unrestricted federal moneys" includes
6 block grants and other funds that federal law does not require to be
7 spent on specifically defined projects or matched on a formula basis
8 by state funds.

9 (3)(a) The health care authority, the health benefit exchange,
10 the department of social and health services, the department of
11 health, and the department of children, youth, and families shall
12 work together within existing resources to establish the health and
13 human services enterprise coalition (the coalition). The coalition,
14 led by the health care authority, must be a multi-organization
15 collaborative that provides strategic direction and federal funding
16 guidance for projects that have cross-organizational or enterprise
17 impact, including information technology projects that affect
18 organizations within the coalition. The office of the chief
19 information officer shall maintain a statewide perspective when
20 collaborating with the coalition to ensure that projects are planned
21 for in a manner that ensures the efficient use of state resources,
22 supports the adoption of a cohesive technology and data architecture,
23 and maximizes federal financial participation. The work of the
24 coalition and any project identified as a coalition project is
25 subject to the conditions, limitations, and review provided in
26 section 701 of this act.

27 (b) The health care authority must submit a report on November 1,
28 2021, and annually thereafter, to the fiscal committees of the
29 legislature. The report must include, at a minimum:

30 (i) A list of active coalition projects as of July 1st of the
31 fiscal year. This must include all current and ongoing coalition
32 projects, which coalition agencies are involved in these projects,
33 and the funding being expended on each project, including in-kind
34 funding. For each project, the report must include which federal
35 requirements each coalition project is working to satisfy, and when
36 each project is anticipated to satisfy those requirements; and

37 (ii) A list of coalition projects that are planned in the current
38 and following fiscal year. This must include which coalition agencies
39 are involved in these projects, including the anticipated in-kind
40 funding by agency, and if a budget request will be submitted for

1 funding. This must reflect all funding required by fiscal year and by
2 fund source and include the budget outlook period.

3 (4) The appropriations to the health care authority in this act
4 shall be expended for the programs and in the amounts specified in
5 this act. However, after May 1, (~~2022~~) 2023, unless prohibited by
6 this act, the authority may transfer general fund—state
7 appropriations for fiscal year 2022 among programs after approval by
8 the director of the office of financial management. The authority
9 must notify the fiscal committees of the legislature prior to
10 receiving approval from the director of the office of financial
11 management. To the extent that appropriations in sections 211 through
12 215 of this act are insufficient to fund actual expenditures in
13 excess of caseload forecast and utilization assumptions or for
14 expenses in response to the COVID-19 pandemic, the authority may
15 transfer general fund—state appropriations for fiscal year (~~2022~~)
16 2023 that are provided solely for a specified purpose. The authority
17 may not transfer funds, including for expenses in response to the
18 COVID-19 pandemic in fiscal year (~~2022~~) 2023, and the director of
19 the office of financial management shall not approve the transfer,
20 unless the transfer is consistent with the objective of conserving,
21 to the maximum extent possible, the expenditure of state funds. The
22 director of the office of financial management shall notify the
23 appropriate fiscal committees of the legislature in writing seven
24 days prior to approving any allotment modifications or transfers
25 under this section. The written notification must include a narrative
26 explanation and justification of changes, along with expenditures and
27 allotments by budget unit and appropriation, both before and after
28 any allotment modifications and transfers.

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) The authority shall not accept or expend any federal funds
22 received under a medicaid transformation waiver under healthier
23 Washington except as described in subsections (2), (3), and (4) of
24 this section until specifically approved and appropriated by the
25 legislature. To ensure compliance with legislative directive budget
26 requirements and terms and conditions of the waiver, the authority
27 shall implement the waiver and reporting requirements with oversight
28 from the office of financial management. The legislature finds that
29 appropriate management of the innovation waiver requires better
30 analytic capability, transparency, consistency, timeliness, accuracy,
31 and lack of redundancy with other established measures and that the
32 patient must be considered first and foremost in the implementation
33 and execution of the demonstration waiver. In order to effectuate
34 these goals, the authority shall: (a) Require the Dr. Robert Bree
35 collaborative and the health technology assessment program to reduce
36 the administrative burden upon providers by only requiring
37 performance measures that are nonduplicative of other nationally
38 established measures. The joint select committee on health care
39 oversight will evaluate the measures chosen by the collaborative and

1 the health technology assessment program for effectiveness and
2 appropriateness; (b) develop a patient satisfaction survey with the
3 goal to gather information about whether it was beneficial for the
4 patient to use the center of excellence location in exchange for
5 additional out-of-pocket savings; (c) ensure patients and health care
6 providers have significant input into the implementation of the
7 demonstration waiver, in order to ensure improved patient health
8 outcomes; and (d) in cooperation with the department of social and
9 health services, consult with and provide notification of work on
10 applications for federal waivers, including details on waiver
11 duration, financial implications, and potential future impacts on the
12 state budget, to the joint select committee on health care oversight
13 prior to submitting waivers for federal approval. The authority shall
14 submit an application to the centers for medicaid and medicare
15 services to extend the duration of the medicaid transformation waiver
16 under healthier Washington as described in subsections (2), (3), and
17 (4) of this section by one year. If not extended, by federal
18 standard, the medicaid transformation demonstration waiver shall not
19 exceed the duration originally granted by the centers for medicare
20 and medicaid services and any programs created or funded by this
21 waiver do not create an entitlement. The demonstration period for the
22 waiver as described in subsections (2), (3), and (4) of this section
23 concludes (~~December 31, 2022~~) June 30, 2023.

24 (2) (a) No more than (~~(\$78,409,000)~~) \$93,107,000 of the general
25 fund—federal appropriation and no more than (~~(\$66,264,000)~~)
26 \$88,826,000 of the general fund—local appropriation may be expended
27 for transformation through accountable communities of health
28 described in initiative 1 of the medicaid transformation
29 demonstration wavier under healthier Washington, including preventing
30 youth drug use, opioid prevention and treatment, and physical and
31 behavioral health integration. Under this initiative, the authority
32 shall take into account local input regarding community needs. In
33 order to ensure transparency to the appropriate fiscal committees of
34 the legislature, the authority shall provide fiscal staff of the
35 legislature query ability into any database of the fiscal
36 intermediary that authority staff would be authorized to access. The
37 authority shall not increase general fund—state expenditures under
38 this initiative. The director shall also report to the fiscal
39 committees of the legislature all of the expenditures under this

1 subsection and shall provide such fiscal data in the time, manner,
2 and form requested by the legislative fiscal committees.

3 (b) No more than (~~(\$198,909,000)~~) \$315,678,000 of the general
4 fund—federal appropriation and no more than (~~(\$81,245,000)~~)
5 \$128,939,000 of the general fund—private/local appropriation may be
6 expended for the medicaid quality improvement program. Under federal
7 regulations, the medicaid quality improvement program is authorized
8 and allows states to design quality improvement programs for the
9 medicaid population in ways that support the state's quality goals.
10 Medicaid quality improvement program payments will not count against
11 the medicaid transformation demonstration waiver spending limits and
12 are excluded from the waiver's budget neutrality calculation. Apple
13 health managed care organizations and their partnering providers will
14 receive medicaid quality improvement program payments as they meet
15 designated milestones. Partnering providers and apple health managed
16 care organizations will work together to achieve medicaid quality
17 improvement program goals according to the performance period
18 timelines and reporting deadlines as set forth by the authority. The
19 authority shall only utilize the medicaid quality improvement program
20 to support the transformation waiver and shall not pursue its use for
21 other purposes. Any programs created or funded by the medicaid
22 quality improvement program does not create an entitlement. The
23 authority shall not increase general fund—state, federal, or private/
24 local expenditures under this program. The director shall report to
25 the joint select committee on health care oversight not less than
26 quarterly on financial and health outcomes. The director shall report
27 to the fiscal committees of the legislature all of the expenditures
28 under this subsection and shall provide such fiscal data in the time,
29 manner, and form requested by the legislative fiscal committees.

30 (3) No more than (~~(\$26,837,000)~~) \$46,739,000 of the general fund—
31 federal appropriation and (~~(\$26,839,000)~~) \$46,742,000 of the general
32 fund—local appropriation may be expended for tailored support for
33 older adults and medicaid alternative care described in initiative 2
34 of the medicaid transformation demonstration waiver under healthier
35 Washington as well as administrative expenses for initiative 3. The
36 authority shall contract and provide funding to the department of
37 social and health services to administer initiative 2. The director
38 in cooperation with the secretary of the department of social and
39 health services shall report to the office of financial management

1 all of the expenditures of this section and shall provide such fiscal
2 data in the time, manner, and form requested. The authority shall not
3 increase general fund—state expenditures on this initiative.

4 (4) No more than (~~(\$28,680,000)~~) \$41,915,000 of the general fund—
5 federal appropriation and no more than (~~(\$12,992,000)~~) \$20,310,000 of
6 the general fund—local appropriation may be expended for supported
7 housing and employment services described in initiative 3a and 3b of
8 the medicaid transformation demonstration waiver under healthier
9 Washington. Under this initiative, the authority and the department
10 of social and health services shall ensure that allowable and
11 necessary services are provided to eligible clients as identified by
12 the department or its third party administrator. The authority shall
13 not increase general fund—state expenditures under this initiative.
14 The director shall report to the joint select committee on health
15 care oversight no less than quarterly on financial and health
16 outcomes. The director shall also report to the fiscal committees of
17 the legislature all of the expenditures of this subsection and shall
18 provide such fiscal data in the time, manner, and form requested by
19 the legislative fiscal committees.

20 (5) The authority shall submit an application to the centers for
21 medicare and medicaid services to renew the 1115 demonstration waiver
22 for an additional five years as described in subsections (2), (3),
23 and (4) of this section. The authority may not accept or expend any
24 federal funds received under an 1115 demonstration waiver except as
25 described in this section unless the legislature has appropriated the
26 federal funding. To ensure compliance with legislative requirements
27 and terms and conditions of the waiver, the authority shall implement
28 the renewal of the 1115 demonstration waiver and reporting
29 requirements with oversight from the office of financial management.
30 The legislature finds that appropriate management of the renewal of
31 the 1115 demonstration waiver as set forth in subsections (6), (7),
32 and (8) of this section requires sound, consistent, timely, and
33 transparent oversight and analytic review in addition to lack of
34 redundancy with other established measures. The patient must be
35 considered first and foremost in the implementation and execution of
36 the demonstration waiver. To accomplish these goals, the authority
37 shall develop consistent performance measures that focus on
38 population health and health outcomes. The authority shall limit the
39 number of projects that accountable communities of health may

1 participate in under initiative 1 to a maximum of six and shall seek
2 to develop common performance measures when possible. The joint
3 select committee on health care oversight will evaluate the measures
4 chosen: (a) For effectiveness and appropriateness; and (b) to provide
5 patients and health care providers with significant input into the
6 implementation of the demonstration waiver to promote improved
7 population health and patient health outcomes. In cooperation with
8 the department of social and health services, the authority shall
9 consult with and provide notification of work on applications for
10 federal waivers, including details on waiver duration, financial
11 implications, and potential future impacts on the state budget to the
12 joint select committee on health care oversight prior to submitting
13 these waivers for federal approval. Prior to final approval or
14 acceptance of funds by the authority, the authority shall submit the
15 special terms and conditions as submitted to the centers for medicare
16 and medicaid services and the anticipated budget for the duration of
17 the renewed waiver to the governor, the joint select committee on
18 health care, and the fiscal committees of the legislature. By federal
19 standard any programs created or funded by this waiver do not create
20 an entitlement. The demonstration period for the waiver as described
21 in subsections (6), (7), and (8) of this section begins January 1,
22 2023.

23 (6) (a) (~~(\$32,432,000 of the general fund federal appropriation~~
24 ~~and \$40,296,000 of the general fund local appropriation are provided~~
25 ~~solely for accountable communities of health described in initiative~~
26 ~~1 of the 1115 demonstration waiver and this is the maximum amount~~
27 ~~that may be expended for this purpose.)) In renewing ((this))
28 initiative 1, the authority shall consider local input regarding
29 community needs and shall limit total local projects to no more than
30 six. To provide transparency to the appropriate fiscal committees of
31 the legislature, the authority shall provide fiscal staff of the
32 legislature query ability into any database of the fiscal
33 intermediary that authority staff would be authorized to access. The
34 authority shall not supplement the amounts provided in this
35 subsection with any general fund—state moneys appropriated in this
36 section or any moneys that may be transferred pursuant to subsection
37 (1) of this section. The director shall report to the fiscal
38 committees of the legislature all expenditures under this subsection~~

1 and provide such fiscal data in the time, manner, and form requested
2 by the legislative fiscal committees.

3 ~~(b) ((\$110,778,000 of the general fund federal appropriation and
4 \$45,248,000 of the general fund private/local appropriation are
5 provided solely for the medicaid quality improvement program and this
6 is the maximum amount that may be expended for this purpose.))~~

7 Medicaid quality improvement program payments do not count against
8 the 1115 demonstration waiver spending limits and are excluded from
9 the waiver's budget neutrality calculation. The authority may provide
10 medicaid quality improvement program payments to apple health managed
11 care organizations and their partnering providers as they meet
12 designated milestones. Partnering providers and apple health managed
13 care organizations must work together to achieve medicaid quality
14 improvement program goals according to the performance period
15 timelines and reporting deadlines as set forth by the authority. The
16 authority may only use the medicaid quality improvement program to
17 support initiatives 1, 2, and 3 as described in the 1115
18 demonstration waiver and may not pursue its use for other purposes.
19 Any programs created or funded by the medicaid quality improvement
20 program do not constitute an entitlement for clients or providers.
21 The authority shall not supplement the amounts provided in this
22 subsection with any general fund—state, general fund—federal, or
23 general fund—local moneys appropriated in this section or any moneys
24 that may be transferred pursuant to subsection (1) of this section.
25 The director shall report to the joint select committee on health
26 care oversight not less than quarterly on financial and health
27 outcomes. The director shall report to the fiscal committees of the
28 legislature all expenditures under this subsection and shall provide
29 such fiscal data in the time, manner, and form requested by the
30 legislative fiscal committees.

31 (c) In collaboration with the accountable communities of health,
32 the authority will submit a report to the governor and the joint
33 select committee on health care oversight describing how each of the
34 accountable community of health's work aligns with the community
35 needs assessment no later than December 1, 2022.

36 (d) Performance measures and payments for accountable communities
37 of health shall reflect accountability measures that demonstrate
38 progress toward transparent, measurable, and meaningful goals that
39 have an impact on improved population health and improved health

1 outcomes, including a path to financial sustainability. While these
2 goals may have variation to account for unique community
3 demographics, measures should be standardized when possible.

4 ~~(7) ((\$19,902,000 of the general fund federal appropriation and~~
5 ~~\$19,903,000 of the general fund local appropriation are provided~~
6 ~~solely for long-term support services as described in initiative 2 of~~
7 ~~the 1115 demonstration waiver as well as administrative expenses for~~
8 ~~initiative 3 and this is the maximum amount that may be expended for~~
9 ~~this purpose.))~~ The authority shall contract with and provide funding
10 to the department of social and health services to administer
11 initiative 2. The director in cooperation with the secretary of the
12 department of social and health services shall report to the office
13 of financial management all of the expenditures of this section and
14 shall provide such fiscal data in the time, manner, and form
15 requested. The authority shall not supplement the amounts provided in
16 this subsection with any general fund—state moneys appropriated in
17 this section or any moneys that may be transferred pursuant to
18 subsection (1) of this section.

19 (8) (a) ~~(\$13,235,000 of the general fund federal appropriation~~
20 ~~and \$7,318,000 of the general fund local appropriation are provided~~
21 ~~solely for supported housing and employment services described in~~
22 ~~initiative 3a and 3b of the 1115 demonstration waiver and this is the~~
23 ~~maximum amount that may be expended for this purpose.))~~ Under
24 ~~((this))~~ initiative 3a and 3b, the authority and the department of
25 social and health services shall ensure that allowable and necessary
26 services are provided to eligible clients as identified by the
27 department or its third-party administrator. The authority and the
28 department, in consultation with the medicaid forecast work group,
29 shall ensure that reasonable reimbursements are established for
30 services deemed necessary within an identified limit per individual.
31 The authority shall not supplement the amounts provided in this
32 subsection with any general fund—state moneys appropriated in this
33 section or any moneys that may be transferred pursuant to subsection
34 (1) of this section. The director shall report to the joint select
35 committee on health care oversight no less than quarterly on
36 financial and health outcomes. The director shall also report to the
37 fiscal committees of the legislature all of the expenditures of this
38 subsection and shall provide such fiscal data in the time, manner,
39 and form requested by the legislative fiscal committees.

1 (b) The authority and the department shall seek additional
2 flexibilities for housing supports through the centers for medicare
3 and medicaid services and shall coordinate with the office of
4 financial management and the department of commerce to ensure that
5 services are not duplicated.

6 (c) The director shall report to the joint select committee on
7 health care oversight no less than quarterly on utilization and
8 caseload statistics for both supportive housing and employment
9 services and its progress toward increasing uptake and availability
10 for these services.

11 (9) \$202,000 of the general fund—state appropriation for fiscal
12 year 2023 is provided solely for supported employment services and
13 \$208,000 of the general fund—state appropriation for fiscal year 2023
14 is provided solely for supported housing services, similar to the
15 services described in initiatives 3a and 3b of the 1115 demonstration
16 waiver to individuals who are ineligible for medicaid. Under these
17 initiatives, the authority and the department of social and health
18 services shall ensure that allowable and necessary services are
19 provided to eligible clients as identified by the authority or its
20 third-party administrator. Before authorizing services, eligibility
21 for initiative 3a or 3b of the 1115 demonstration waiver must first
22 be determined.

23 (10) The authority shall submit a plan to preserve the waiver
24 that allows for the full cost of stays in institutions for mental
25 diseases to be included in managed care rates by November 1, 2021, to
26 the appropriate committees of the legislature. (11) The authority
27 shall submit a plan to preserve the waiver allowing for full federal
28 financial participation for medical clients in mental health
29 facilities classified as institutions for mental diseases by November
30 1, 2021, to the appropriate committees of the legislature.

31 (12) Sufficient amounts are appropriated in this subsection to
32 implement the medicaid expansion as defined in the social security
33 act, section 1902(a)(10)(A)(i)(VIII).

34 (13) The legislature finds that medicaid payment rates, as
35 calculated by the health care authority pursuant to the
36 appropriations in this act, bear a reasonable relationship to the
37 costs incurred by efficiently and economically operated facilities
38 for providing quality services and will be sufficient to enlist
39 enough providers so that care and services are available to the
40 extent that such care and services are available to the general

1 population in the geographic area. The legislature finds that the
2 cost reports, payment data from the federal government, historical
3 utilization, economic data, and clinical input constitute reliable
4 data upon which to determine the payment rates.

5 (14) Based on quarterly expenditure reports and caseload
6 forecasts, if the health care authority estimates that expenditures
7 for the medical assistance program will exceed the appropriations,
8 the health care authority shall take steps including but not limited
9 to reduction of rates or elimination of optional services to reduce
10 expenditures so that total program costs do not exceed the annual
11 appropriation authority.

12 (15) In determining financial eligibility for medicaid-funded
13 services, the health care authority is authorized to disregard
14 recoveries by Holocaust survivors of insurance proceeds or other
15 assets, as defined in RCW 48.104.030.

16 (16) The legislature affirms that it is in the state's interest
17 for Harborview medical center to remain an economically viable
18 component of the state's health care system.

19 (17) When a person is ineligible for medicaid solely by reason of
20 residence in an institution for mental diseases, the health care
21 authority shall provide the person with the same benefits as he or
22 she would receive if eligible for medicaid, using state-only funds to
23 the extent necessary.

24 (18) \$3,733,000 of the general fund—state appropriation for
25 fiscal year 2022, \$4,261,000 of the general fund—state appropriation
26 for fiscal year 2023, and \$9,050,000 of the general fund—federal
27 appropriation are provided solely for low-income disproportionate
28 share hospital payments.

29 (19) Within the amounts appropriated in this section, the health
30 care authority shall provide disproportionate share hospital payments
31 to hospitals that provide services to children in the children's
32 health program who are not eligible for services under Title XIX or
33 XXI of the federal social security act due to their citizenship
34 status.

35 (20) \$7,000,000 of the general fund—federal appropriation is
36 provided solely for supplemental payments to nursing homes operated
37 by public hospital districts. The public hospital district shall be
38 responsible for providing the required nonfederal match for the
39 supplemental payment, and the payments shall not exceed the maximum

1 allowable under federal rules. It is the legislature's intent that
2 the payments shall be supplemental to and shall not in any way offset
3 or reduce the payments calculated and provided in accordance with
4 part E of chapter 74.46 RCW. It is the legislature's further intent
5 that costs otherwise allowable for rate-setting and settlement
6 against payments under chapter 74.46 RCW shall not be disallowed
7 solely because such costs have been paid by revenues retained by the
8 nursing home from these supplemental payments. The supplemental
9 payments are subject to retrospective interim and final cost
10 settlements based on the nursing homes' as-filed and final medicare
11 cost reports. The timing of the interim and final cost settlements
12 shall be at the health care authority's discretion. During either the
13 interim cost settlement or the final cost settlement, the health care
14 authority shall recoup from the public hospital districts the
15 supplemental payments that exceed the medicaid cost limit and/or the
16 medicare upper payment limit. The health care authority shall apply
17 federal rules for identifying the eligible incurred medicaid costs
18 and the medicare upper payment limit.

19 (21) The health care authority shall continue the inpatient
20 hospital certified public expenditures program for the 2021-2023
21 fiscal biennium. The program shall apply to all public hospitals,
22 including those owned or operated by the state, except those
23 classified as critical access hospitals or state psychiatric
24 institutions. The health care authority shall submit reports to the
25 governor and legislature by November 1, 2021, and by November 1,
26 2022, that evaluate whether savings continue to exceed costs for this
27 program. If the certified public expenditures (CPE) program in its
28 current form is no longer cost-effective to maintain, the health care
29 authority shall submit a report to the governor and legislature
30 detailing cost-effective alternative uses of local, state, and
31 federal resources as a replacement for this program. During fiscal
32 year 2022 and fiscal year 2023, hospitals in the program shall be
33 paid and shall retain one hundred percent of the federal portion of
34 the allowable hospital cost for each medicaid inpatient fee-for-
35 service claim payable by medical assistance and one hundred percent
36 of the federal portion of the maximum disproportionate share hospital
37 payment allowable under federal regulations. For the purpose of
38 determining the amount of any state grant under this subsection,
39 payments will include the federal portion of medicaid program
40 supplemental payments received by the hospitals. Inpatient medicaid

1 payments shall be established using an allowable methodology that
2 approximates the cost of claims submitted by the hospitals. Payments
3 made to each hospital in the program in each fiscal year of the
4 biennium shall be compared to a baseline amount. The baseline amount
5 will be determined by the total of (a) the inpatient claim payment
6 amounts that would have been paid during the fiscal year had the
7 hospital not been in the CPE program based on the reimbursement rates
8 developed, implemented, and consistent with policies approved in the
9 2021-2023 biennial operating appropriations act and in effect on July
10 1, 2015, (b) one-half of the indigent assistance disproportionate

15 hospital programs exist in the 2019-2021 fiscal biennium. If payments
16 during the fiscal year exceed the hospital's baseline amount, no
17 additional payments will be made to the hospital except the federal
18 portion of allowable disproportionate share hospital payments for
19 which the hospital can certify allowable match. If payments during
20 the fiscal year are less than the baseline amount, the hospital will
21 be paid a state grant equal to the difference between payments during
22 the fiscal year and the applicable baseline amount. Payment of the
23 state grant shall be made in the applicable fiscal year and
24 distributed in monthly payments. The grants will be recalculated and
25 redistributed as the baseline is updated during the fiscal year. The
26 grant payments are subject to an interim settlement within eleven
27 months after the end of the fiscal year. A final settlement shall be
28 performed. To the extent that either settlement determines that a
29 hospital has received funds in excess of what it would have received
30 as described in this subsection, the hospital must repay the excess
31 amounts to the state when requested. \$425,000 of the general fund—
32 state appropriation for fiscal year 2022 and (~~(\$391,000)~~) \$269,000 of
33 the general fund—state appropriation for fiscal year 2023 are
34 provided solely for state grants for the participating hospitals.

6 severe mental illness, unhealthy weight or failure to gain weight,
7 tobacco use, or African American or Native American race. The health
8 care authority shall prioritize evidence-based practices for delivery

11 for maternity support services by leveraging local public funding for
12 those services.

13 (24) The authority shall submit reports to the governor and the
14 legislature by September 15, 2021, and no later than September 15,
15 2022, that delineate the number of individuals in medicaid managed
16 care, by carrier, age, gender, and eligibility category, receiving
17 preventative services and vaccinations. The reports should include
18 baseline and benchmark information from the previous two fiscal years
19 and should be inclusive of, but not limited to, services recommended
20 under the United States preventative services task force, advisory
21 committee on immunization practices, early and periodic screening,
22 diagnostic, and treatment (EPSDT) guidelines, and other relevant
23 preventative and vaccination medicaid guidelines and requirements.

24 (25) Managed care contracts must incorporate accountability

37 funding, the health care authority, the department of social and
38 health services, and the health benefit exchange will coordinate
39 efforts to expand HealthPlanfinder access to public assistance and
40 medical eligibility staff. The health care authority shall complete

1 medicaid applications in the HealthPlanfinder for households
2 receiving or applying for medical assistance benefits.

3 (29) \$90,000 of the general fund—state appropriation for fiscal
4 year 2022, \$90,000 of the general fund—state appropriation for fiscal
5 year 2023, and \$180,000 of the general fund—federal appropriation are
6 provided solely to continue operation by a nonprofit organization of
7 a toll-free hotline that assists families to learn about and enroll
8 in the apple health for kids program. By November 15, 2022, the
9 authority shall submit a report to the appropriate committees to the
10 legislature that provides, at a minimum, information about the number
11 of calls received by the nonprofit organization in the previous year,
12 the amount of time spent on each call, comparisons to previous years,
13 where available, and information about what data is collected related

18 (31) Within the amounts appropriated in this section, the
19 authority shall continue to provide coverage for pregnant teens that
20 qualify under existing pregnancy medical programs, but whose
21 eligibility for pregnancy related services would otherwise end due to
22 the application of the new modified adjusted gross income eligibility
23 standard.

24 (32) Sufficient amounts are appropriated in this section to
25 remove the mental health visit limit and to provide the shingles
26 vaccine and screening, brief intervention, and referral to treatment
27 benefits that are available in the medicaid alternative benefit plan
28 in the classic medicaid benefit plan.

29 (33) The authority shall use revenue appropriated from the
30 dedicated marijuana fund for contracts with community health centers
31 under RCW 69.50.540 in lieu of general fund—state payments to
32 community health centers for services provided to medical assistance
33 clients, and it is the intent of the legislature that this policy
34 will be continued in subsequent fiscal biennia.

35 (34) Beginning no later than January 1, 2018, for any service
36 eligible under the medicaid state plan for encounter payments,
37 managed care organizations at the request of a rural health clinic
38 shall pay the full published encounter rate directly to the clinic.
39 At no time will a managed care organization be at risk for or have

1 any right to the supplemental portion of the claim. Payments will be
2 reconciled on at least an annual basis between the managed care
3 organization and the authority, with final review and approval by the
4 authority.

5 (35) Sufficient amounts are appropriated in this section for the
6 authority to provide a medicaid equivalent adult dental benefit to

20 the authority to incorporate the expected outcomes and criteria to
21 measure the performance of service coordination organizations as
22 provided in chapter 70.320 RCW into contracts with managed care
23 organizations that provide services to clients. The authority is
24 directed to:

25 (a) Contract with an external quality improvement organization to
26 annually analyze the performance of managed care organizations
27 providing services to clients under this chapter based on seven
28 performance measures. The analysis required under this subsection
29 must:

30 (i) Measure managed care performance in four common measures
31 across each managed care organization, including:

32 (A) At least one common measure must be weighted towards having
33 the potential to impact managed care costs; and

34 (B) At least one common measure must be weighted towards
35 population health management, as defined by the measure; and

36 (ii) Measure managed care performance in an additional three
37 quality focus performance measures specific to a managed care
38 organization. Quality focus performance measures chosen by the
39 authority must:

5 (b) The authority shall set the four common measures to be
6 analyzed across all managed care organizations.

7 (c) The authority shall set three quality focus performance
8 measures specific to each managed care organization. The authority

11 subsection.

12 (d) By September 15, 2021, and annually thereafter, the authority
13 shall notify each managed care organization of the performance
14 measures for the organization for the subsequent plan year.

15 (e) Two percent of the total plan year funding appropriated to
16 each managed care organization that provides services to clients
17 under chapter 70.320 RCW shall be withheld. At least seventy-five
18 percent of the withhold shall be held contingent on each managed care
19 organization's performance on the seven performance measures
20 identified in this section. Each managed care organization may earn
21 back the annual withhold if the external quality improvement
22 organization finds that the managed care organization:

23 (i) Made statistically significant improvement in the seven
24 performance measures as compared to the preceding plan year; or

25 (ii) Scored in the top national medicaid quartile of the
26 performance measures.

27 (f) The amount of withhold annually paid to each managed care
28 organization shall be proportional to findings of statistically
29 significant improvement or top national medicaid quartile scoring by
30 a managed care organization.

31 (g) For no more than two of the four quality focus performance
32 measures, the authority may use an alternate methodology to
33 approximate top national medicaid quartile performance where top
34 quartile performance data is unavailable.

35 (h) For the purposes of this subsection, "external quality
36 improvement organization" means an organization that meets the
37 competence and independence requirements under 42 C.F.R. Sec.

9 staff perform central audits of cases that appear across multiple
10 managed care plans, versus the audits performed by the individual
11 managed care plans or the fraud division; and

13 efficient manner, including performing program integrity activities
14 that ensure high value in the medical assistance program in general
15 and in medicaid managed care specifically;

17 work group to develop methods and metrics related to managed care
18 program integrity activity that shall be incorporated into annual
19 rate setting; and

38 authorize presumptive medicaid eligibility determinations for clients
39 preparing for acute care hospital discharge who may need long-term
40 services and supports. The department and the authority shall hold

1 stakeholder discussions, including opportunities for public review
2 and comment, during development of the waiver request. Upon
3 submission of the waiver request, the department and the authority
4 shall submit a report to the governor and the appropriate legislative

25 that are not reimbursable under medicaid. The authority may allow
26 behavioral health entities which have nonmedicaid reimbursable costs
27 that are higher than the nonmedicaid allocation they receive under

7 These amounts must be distributed to behavioral health entities as

11 appropriation for fiscal year 2023 are provided solely for the
12 authority to contract with behavioral health administrative service
13 organizations for behavioral health treatment services not covered
14 under the medicaid program. Within these amounts, behavioral health

17 under this section effective July 1, 2021, and a seven percent rate
18 increase effective January 1, 2023.

19 (b) \$23,547,000 of the general fund—state appropriation for

37 separately appropriated to the department of social and health
38 services.

1 (c) The authority shall coordinate with the department of social
2 and health services to develop and submit to the centers for medicare
3 and medicaid services an application to provide a 1915(i) state plan
4 home and community-based services benefit. The application shall be
5 developed to allow for the delivery of wraparound supportive
6 behavioral health services for individuals with mental illnesses who
7 also have a personal care need. The waiver shall be developed to
8 standardize coverage and administration, improve the current benefit
9 design, and clarify roles in administration of the behavioral health
10 personal care services benefit. By December 1, 2021, the authority,

23 receive behavioral health personal care services annually under the
24 current benefit structure and the estimated state and federal fiscal
25 costs for the managed care organizations and the department of social
26 and health services; and

27 (iv) A status update on the development and submission of the
28 waiver with an estimated timeline for approval and implementation of

30 (d) The authority must require behavioral health administrative
31 service organizations to submit information related to reimbursements
32 to counties made for involuntary treatment act judicial services and
33 submit a report to the office of financial management and the
34 appropriate committees of the legislature with complete fiscal year
35 2022 reimbursements by December 1, 2022.

39 (9) \$1,204,000 of the general fund—state appropriation for fiscal
40 year 2022 and \$1,204,000 of the general fund—state appropriation for

7 range, and provided that the enhanced funding is used only to provide
8 medicaid state plan or waiver services to medicaid clients.
9 Additionally, behavioral health entities may use a portion of the
10 state funds allocated in accordance with subsection (7) of this
11 section to earn additional medicaid match, but only to the extent
12 that the application of such funds to medicaid services does not
13 diminish the level of crisis and commitment, community inpatient,
14 residential care, and outpatient services presently available to
15 persons not eligible for medicaid.

16 (11) \$2,291,000 of the general fund—state appropriation for

18 appropriation for fiscal year 2023 are provided solely for mental
19 health services for mentally ill offenders while confined in a county
20 or city jail and for facilitating access to programs that offer
21 mental health services upon release from confinement. The authority
22 must collect information from the behavioral health entities on their
23 plan for using these funds, the numbers of individuals served, and
24 the types of services provided and submit a report to the office of
25 financial management and the appropriate fiscal committees of the
26 legislature by December 1st of each year of the biennium.

27 (12) Within the amounts appropriated in this section, funding is
28 provided for the authority to develop and phase in intensive mental
29 health services for high needs youth consistent with the settlement
30 agreement in *T.R. v. Dreyfus and Porter*.

31 (13) The authority must establish minimum and maximum funding
32 levels for all reserves allowed under behavioral health
33 administrative service organization contracts and include contract
34 language that clearly states the requirements and limitations. The
35 authority must monitor and ensure that behavioral health
36 administrative service organization reserves do not exceed maximum
37 levels. The authority must monitor revenue and expenditure reports
38 and must require a behavioral health administrative service
39 organization to submit a corrective action plan on how it will spend
40 its excess reserves within a reasonable period of time, when its

1 reported reserves exceed maximum levels established under the
2 contract. The authority must review and approve such plans and
3 monitor to ensure compliance. If the authority determines that a
4 behavioral health administrative service organization has failed to
5 provide an adequate excess reserve corrective action plan or is not
6 complying with an approved plan, the authority must reduce payments
7 to the entity in accordance with remedial actions provisions included
8 in the contract. These reductions in payments must continue until the
9 authority determines that the entity has come into substantial
10 compliance with an approved excess reserve corrective action plan.

25 provided solely for the continued funding of existing county drug and

27 (17) Within the amounts provided in this section, behavioral
28 health entities must provide outpatient chemical dependency treatment
29 for offenders enrolled in the medicaid program who are supervised by
30 the department of corrections pursuant to a term of community
31 supervision. Contracts with behavioral health entities must require
32 that behavioral health entities include in their provider network
33 specialized expertise in the provision of manualized, evidence-based
34 chemical dependency treatment services for offenders. The department
35 of corrections and the authority must develop a memorandum of
36 understanding for department of corrections offenders on active
37 supervision who are medicaid eligible and meet medical necessity for
38 outpatient substance use disorder treatment. The agreement will
39 ensure that treatment services provided are coordinated, do not
40 result in duplication of services, and maintain access and quality of

1 care for the individuals being served. The authority must provide all
2 necessary data, access, and reports to the department of corrections
3 for all department of corrections offenders that receive medicaid
4 paid services.

5 (18) The criminal justice treatment account—state appropriation
6 is provided solely for treatment and treatment support services for
7 offenders with a substance use disorder pursuant to RCW 71.24.580.
8 The authority must offer counties the option to administer their

17 that individual wishes to continue treatment following dismissal of
18 charges they were facing under RCW 69.50.4013(1). Such participation
19 is voluntary and contingent upon substantial compliance with drug
20 court program requirements. The authority must provide a report to

3 for full federal participation in these facilities. Within these
4 amounts, funding is provided to increase the fee for service rate for
5 these facilities up to \$650 per day. The authority must require in
6 contracts with behavioral health entities that, beginning in calendar
7 year 2020, they pay no lower than the fee for service rate. The
8 authority must coordinate with regional behavioral health entities to
9 identify and implement purchasing strategies or regulatory changes

18 these services. The authority must work with the medicaid managed
19 care organizations to encourage their participation and assist the
20 plans and the contractor in identifying mechanisms for appropriate
21 use of medicaid reimbursement in this setting.

22 appropriation are provided solely for the authority to contract for a
23 behavioral health comparison rate study. The study must be conducted
24 to examine provider resources involved in developing individual
25 covered behavioral health services and to establish benchmark payment
26 rates that reflect the reasonable and necessary costs associated with
27 the delivery of behavioral health services. The study must include an
28 evaluation of actual medicaid managed care organization payment rates
29 to the benchmark rates and summarize the results of this evaluation.
30 The study must be conducted in a manner so that the benchmark
31 comparison rates are incorporated into a full behavioral health fee
32 schedule that can be used for assessing the costs associated with
33 expansion of services, rate increases, and medicaid managed care plan
34 state directed payments. The authority must provide a preliminary

9 management information system reports on a phased-in basis, allowing
10 for elements which are readily available to be incorporated in the
11 initial phase, and elements which require further definition and data
12 collection changes to be incorporated in a later phase. The authority
13 must collaborate with the research and data analysis division to
14 ensure data elements are clearly defined and must include
15 requirements in medicaid managed care organization and behavioral

19 issues. The study must assess: Challenges ambulance companies and

23 address this; and the possibility of creating a specialized type of
24 involuntary transportation provider. The authority must also modify
25 the current unavailable detention facilities report to identify
26 whether the reason a bed was not available was due to: Transportation
27 issues; all beds being full at the facility; staffing shortages;

29 needs of the patient; inability of facilities with available beds to
30 meet the medical needs of the patient; or other specified reasons.

14 including law enforcement assisted diversion programs, community
15 assistance referral and education programs, and as part of mobile
16 crisis teams. Cities are encouraged to partner with each other to
17 create a regional response model. In awarding these funds, the

19 facility-based crisis triage and stabilization services. The
20 association and authority must collect and report information
21 regarding the number of facility-based crisis stabilization and
22 triage beds available in the locations receiving funding through this
23 subsection and submit a report to the office of financial management

16 behavioral health administrative service organizations contracts in
17 its allocation methodology.

32 analysis of how recipients utilized funds for workforce retention and
33 recruitment, which may include hiring a consultant and a survey of

3 developed so it can be adapted and used statewide to decrease
4 stigmatizing beliefs among law enforcement through positive contact
5 with people who use drugs and improve officer well-being and
6 effectiveness by providing skills and techniques to address the drug
7 overdose epidemic. The institute must develop and refine this
8 training, leveraging prior work, and in partnership with a steering
9 committee that includes people with lived or living experience of
10 substance use disorder and criminal legal involvement, researchers,
11 clinicians, law enforcement officers, and others. The training must
12 complement, but not duplicate, existing curricula already provided by
13 the criminal justice training commission. The institute must pilot
14 the advanced training in a subset of regional law enforcement
15 agencies and evaluate its acceptability and feasibility through
16 participant interviews and pretraining and posttraining ratings of
17 stigmatizing beliefs. The institute must incorporate feedback from
18 the pilot training sessions into a final training program that it
19 must make available to law enforcement agencies across the state.

3 department receives unanticipated unrestricted federal moneys, those
4 moneys shall be spent for services authorized in this act or in any
5 other legislation that provides appropriation authority, and an equal

1 organizations that the department has determined to have
2 substantially equivalent standards to those of the department,
3 including but not limited to the joint commission on accreditation of
4 health care organizations, the commission on accreditation of
5 rehabilitation facilities, and the council on accreditation. To
6 reflect the reduced costs associated with regulation of accredited
7 programs, the department's fees for organizations with such proof of
8 accreditation must reflect the lower cost of licensing for these
9 programs than for other organizations which are not accredited.

37 the general fund—state appropriation for fiscal year 2023 and

1 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
2 are for a slot rate increase of ten percent beginning July 1, 2021.
3 The funding provided in this subsection is sufficient for the
4 department to increase rates according to inflation, pursuant to
5 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
6 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

7 (c) Of the amounts provided in this subsection, \$2,664,000 of the
8 general fund—state appropriation for fiscal year 2023 is provided to
9 convert 777 part day slots to full day slots in fiscal year 2023.

12 the general fund—state appropriation for fiscal year 2023 are
13 provided solely for a \$54 per slot quality support rate, which will
14 increase by 1.5 percent annually beginning in fiscal year 2024.

15 (e) Of the amounts provided in this subsection, \$1,358,000 of the
16 general fund—state appropriation for fiscal year 2022 and \$4,612,000
17 of the general fund—state appropriation for fiscal year 2023 are
18 provided solely for the department to provide early childhood
19 education and assistance program services during summer 2022 to 2,212
20 part day program slots, including 2,011 slots in an in-person
21 learning program and 201 slots provided other additional services.

22 (f) The department of children, youth, and families must develop
23 a methodology to identify, at the school district level, the
24 geographic locations of where early childhood education and
25 assistance program slots are needed to meet the entitlement specified
26 in RCW 43.216.556. This methodology must be linked to the caseload
27 forecast produced by the caseload forecast council and must include
28 estimates of the number of slots needed at each school district and
29 the corresponding facility needs required to meet the entitlement in
30 accordance with RCW 43.216.556. This methodology must be included as
31 part of the budget submittal documentation required by RCW 43.88.030.

32 (2) \$200,000 of the general fund—state appropriation for fiscal

4 provided substantial additional funding through the coronavirus
5 response and relief supplemental appropriations act, P.L. 116-260,
6 division M. and the American rescue plan act of 2021, P.L. 117-2. The
7 purpose of the additional federal funding is to ensure access to
8 affordable child care and to stabilize and support child care
9 providers from the effects of the COVID-19 pandemic. The legislature
10 intends with the passage of Engrossed Second Substitute Senate Bill
11 No. 5237 (child care & early dev. exp.) to implement these federal
12 purposes by expanding eligibility for subsidized child care, reducing
13 parent copayments, increasing provider base rates to recognize
14 increased costs, and providing other financial support to stabilize
15 the child care sector to remain open or to reopen. The legislature
16 finds that the state lacked the fiscal capacity to make these
17 investments and the additional federal funding has provided the
18 opportunity to supplement state funding to expand and accelerate
19 child care access, affordability, and provider support as the state
20 navigates the COVID-19 pandemic and its aftermath.

21 (5) \$39,723,000 of the general fund—state appropriation in fiscal

31 (a) The department of children, youth, and families shall work in
32 collaboration with the department of social and health services to
33 determine the appropriate amount of state expenditures for the
34 working connections child care program to claim towards the state's
35 maintenance of effort for the temporary assistance for needy families
36 program. The departments will also collaborate to track the average
37 monthly child care subsidy caseload and expenditures by fund type,
38 including child care development fund, general fund—state
39 appropriation, and temporary assistance for needy families for the

1 purpose of estimating the annual temporary assistance for needy
2 families reimbursement from the department of social and health
3 services to the department of children, youth, and families.
4 Effective December 1, 2022, and annually thereafter, the department
5 of children, youth, and families must report to the governor and the
6 appropriate fiscal and policy committees of the legislature the total

6 (i) \$28,759,000 of the general fund—federal appropriation
7 (CARES), \$11,993,000 of the general fund—federal appropriation
8 (CRRSA), and \$35,979,000 of the general fund—federal appropriation

The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school, including those at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

24 demonstrated actual staffing for guidance counselors for its
25 prototypical school level that meets or exceeds the staffing for
26 guidance counselors in (d)(i) of this subsection and this subsection
27 (2)(d)(ii)(A) for its prototypical school level. School districts
28 must distribute the additional guidance counselors allocation in this
29 subsection to the schools that generate the allocation. The

16 determined below. Calculated benefit units are staff units multiplied
17 by the benefit allocation factors established in the collective

19 factors are intended to adjust allocations so that, for the purpose
20 of distributing insurance benefits, full-time equivalent employees
21 may be calculated on the basis of 630 hours of work per year, with no
22 individual employee counted as more than one full-time equivalent.
23 The number of benefit units is determined as follows:

- 24 (a) The number of certificated staff units determined in
25 subsections (2), (3), and (5) of this section multiplied by 1.02; and

18 adopted in a public meeting to reduce or delay any portion of its
19 basic education allocation for any school year. The superintendent of
20 public instruction shall approve such reduction or delay if it does

22 for more than two school years. Any reduction or delay shall have no
23 impact on levy authority pursuant to RCW 84.52.0531 and local effort
24 assistance pursuant to chapter 28A.500 RCW.

25 (15) The superintendent may distribute funding for the following
26 programs outside the basic education formula during fiscal years 2022
27 and 2023 as follows:

28 (a) \$650,000 of the general fund—state appropriation for fiscal
29 year 2022 and \$650,000 of the general fund—state appropriation for

26 of public instruction, in consultation with the state board for
27 community and technical colleges, the student achievement council,

29 fiscal committees of the legislature on the combined FTE experience
30 of students participating in the running start program, including
31 course load analyses at both the high school and community and
32 technical college system. The office of the superintendent of public
33 instruction must adopt rules to fund the participating student's

2 calculate a relief per pupil amount for each district defined as: The
3 quotient from dividing the total funding allocated to each district
4 from the federal relief funds, as defined in (b) of this subsection,
5 by a school district's total enrollment as defined in (c) of this
6 subsection. A school district with a relief per pupil amount less
7 than \$500 shall receive the difference between \$500 and the relief
8 per pupil amount, multiplied by the school district's total
9 enrollment.

10 (b) For the purposes of this subsection, federal relief funds
11 allocated to school districts include:
