ONEWA COMMUNICATIONS AND COORDINATION

One Washington
A Business Transformation Program

OneWa Communication and Coordination

For OneWa Phase 1a, communication and interaction with OneWa will vary depending on which agencies receive finance services from DES.

Agencies that receive finance services from DES

- DES is primary point of contact for OneWa
- These agencies will not be required to participate in the majority of OneWa activities
- All communications go through DES

Agencies that DO NOT receive finance services from DES

- Communicate directly with OneWa
- Required to participate in the majority of OneWa activities
- Communications happen directly with OneWa with Cc to DES

Future: Agency Support Team (AST) Network

Agency Support Team Network

Monthly meetings

▶ To **strengthen leadership sponsorship** and **engagement** for the program while formalizing **finance** and **technical subject matter expertise**.

Proposed Structure

- OCM/Change SME(s)
- Finance SME(s)
- Technical SME(s)

Next Steps

- ✓ Discuss with OneWa governance committees
- ✓ Communicate and align with agency leadership
- ✓ Begin communicating AST concept and timeline to existing POC network members
- ✓ Mobilize AST Network and kickoff monthly meetings

BUDGET INSTRUCTIONS OVERVIEW

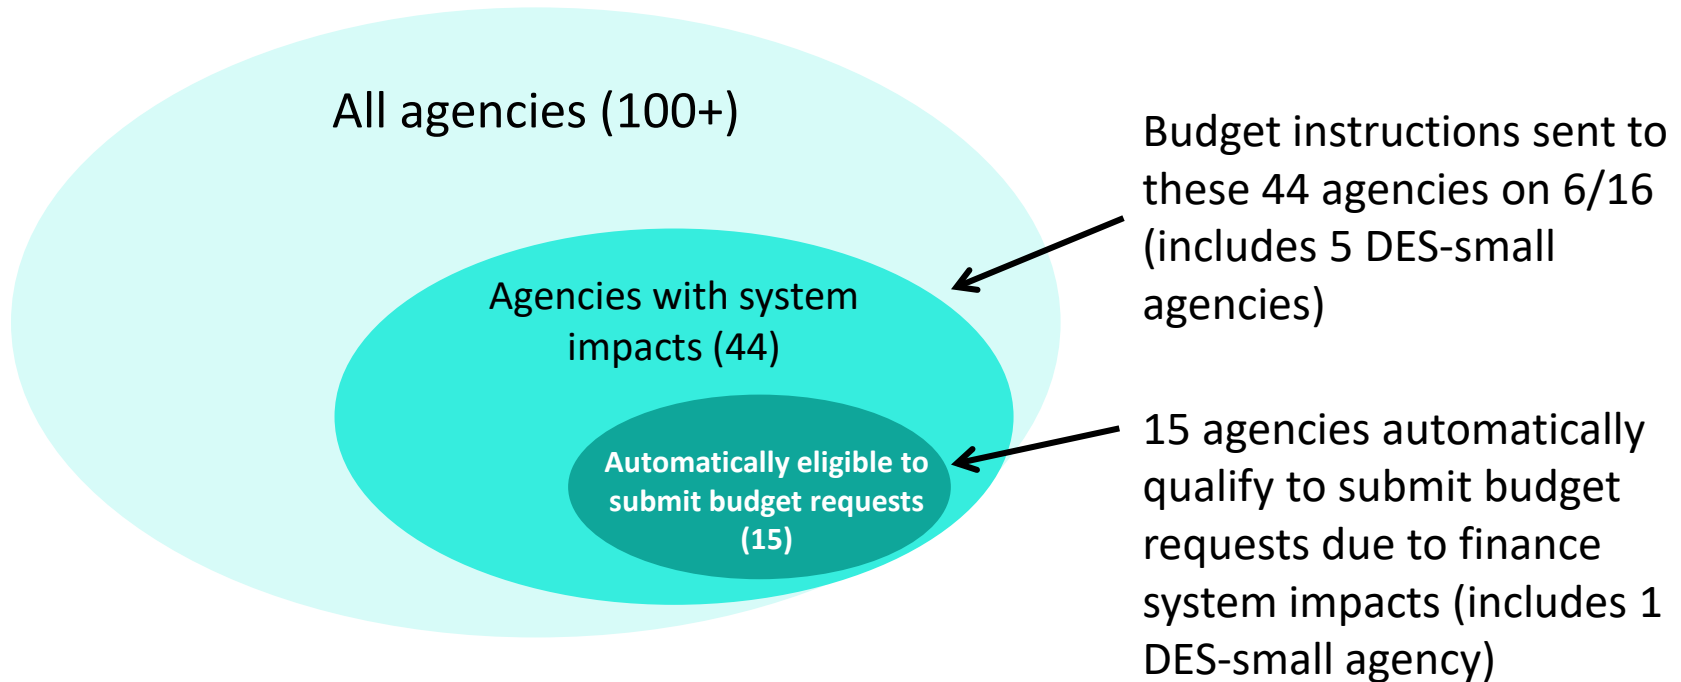

One Washington
A Business Transformation Program

Budget Instructions

Similar to years past, OneWa will submit a consolidated decision package for the 2021-2023 biennial budget including budget requests from impacted agencies.

Note: The 4 agencies with non-finance system impacts may be able submit an exception request based on criteria in the budget instructions.

2021-23 Budget Timeline

- Establish Budget Advisory Committee (BAC)
- Complete build of process and sub-project plan
- Establish repeatable process for future biennia
- Develop Communication plan

UPCOMING AGENCY READINESS ACTIVITIES

One Washington
A Business Transformation Program

Understanding Agency Readiness

The OneWa Baseline Readiness Assessment collected and analyzed feedback from **664** participants across **69** agencies. The report highlighted people, process, and technology activities agencies need to complete to be “ready” for Phase 1a of OneWa implementation.

What do we mean by “Agency Readiness”?

People Readiness

Goal: Helping leaders and staff gain the information, knowledge, and skills to be successful at implementing and utilizing the OneWa solution within their agency.

Process Readiness

Goal: Improving, standardizing, and aligning business processes to the enterprise-wide OneWa solution.

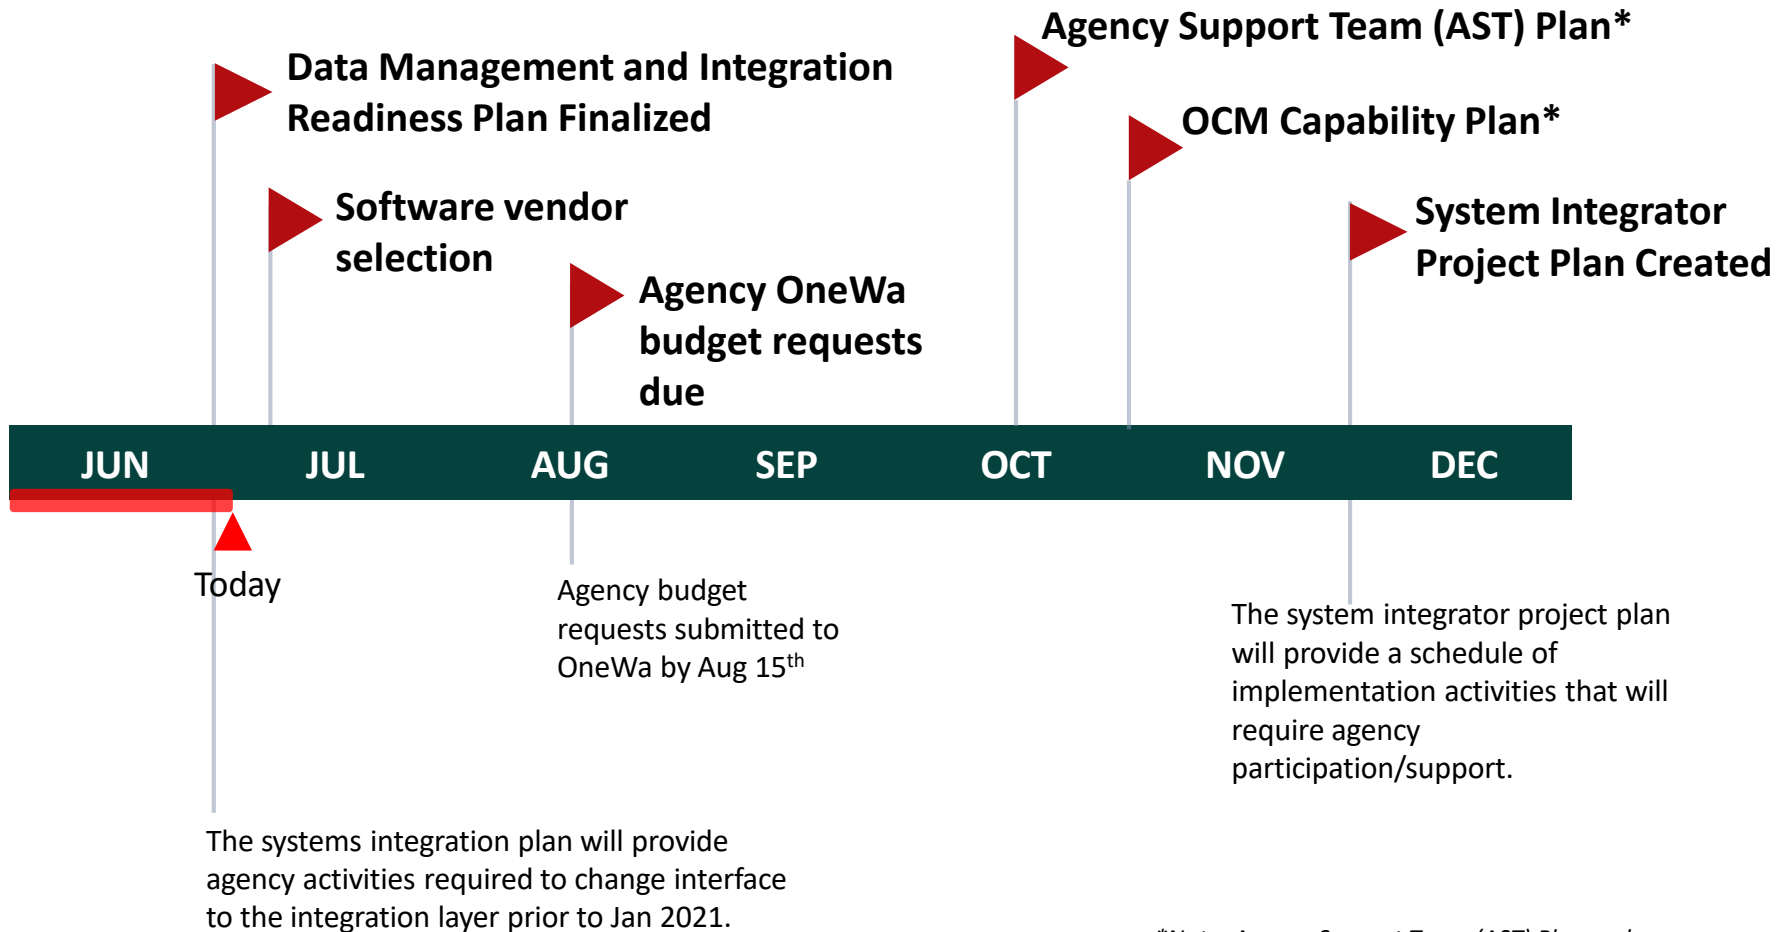

Technology Readiness

Goal: Preparing the technical components within the agency including infrastructure, systems, interfaces, security, data, and other IT components.

Key Program Milestones related to Agency Readiness

The program milestones below will provide additional details on agency activities and workload required to support OneWa. The following slides will be updated as more information on program and agency readiness becomes known.

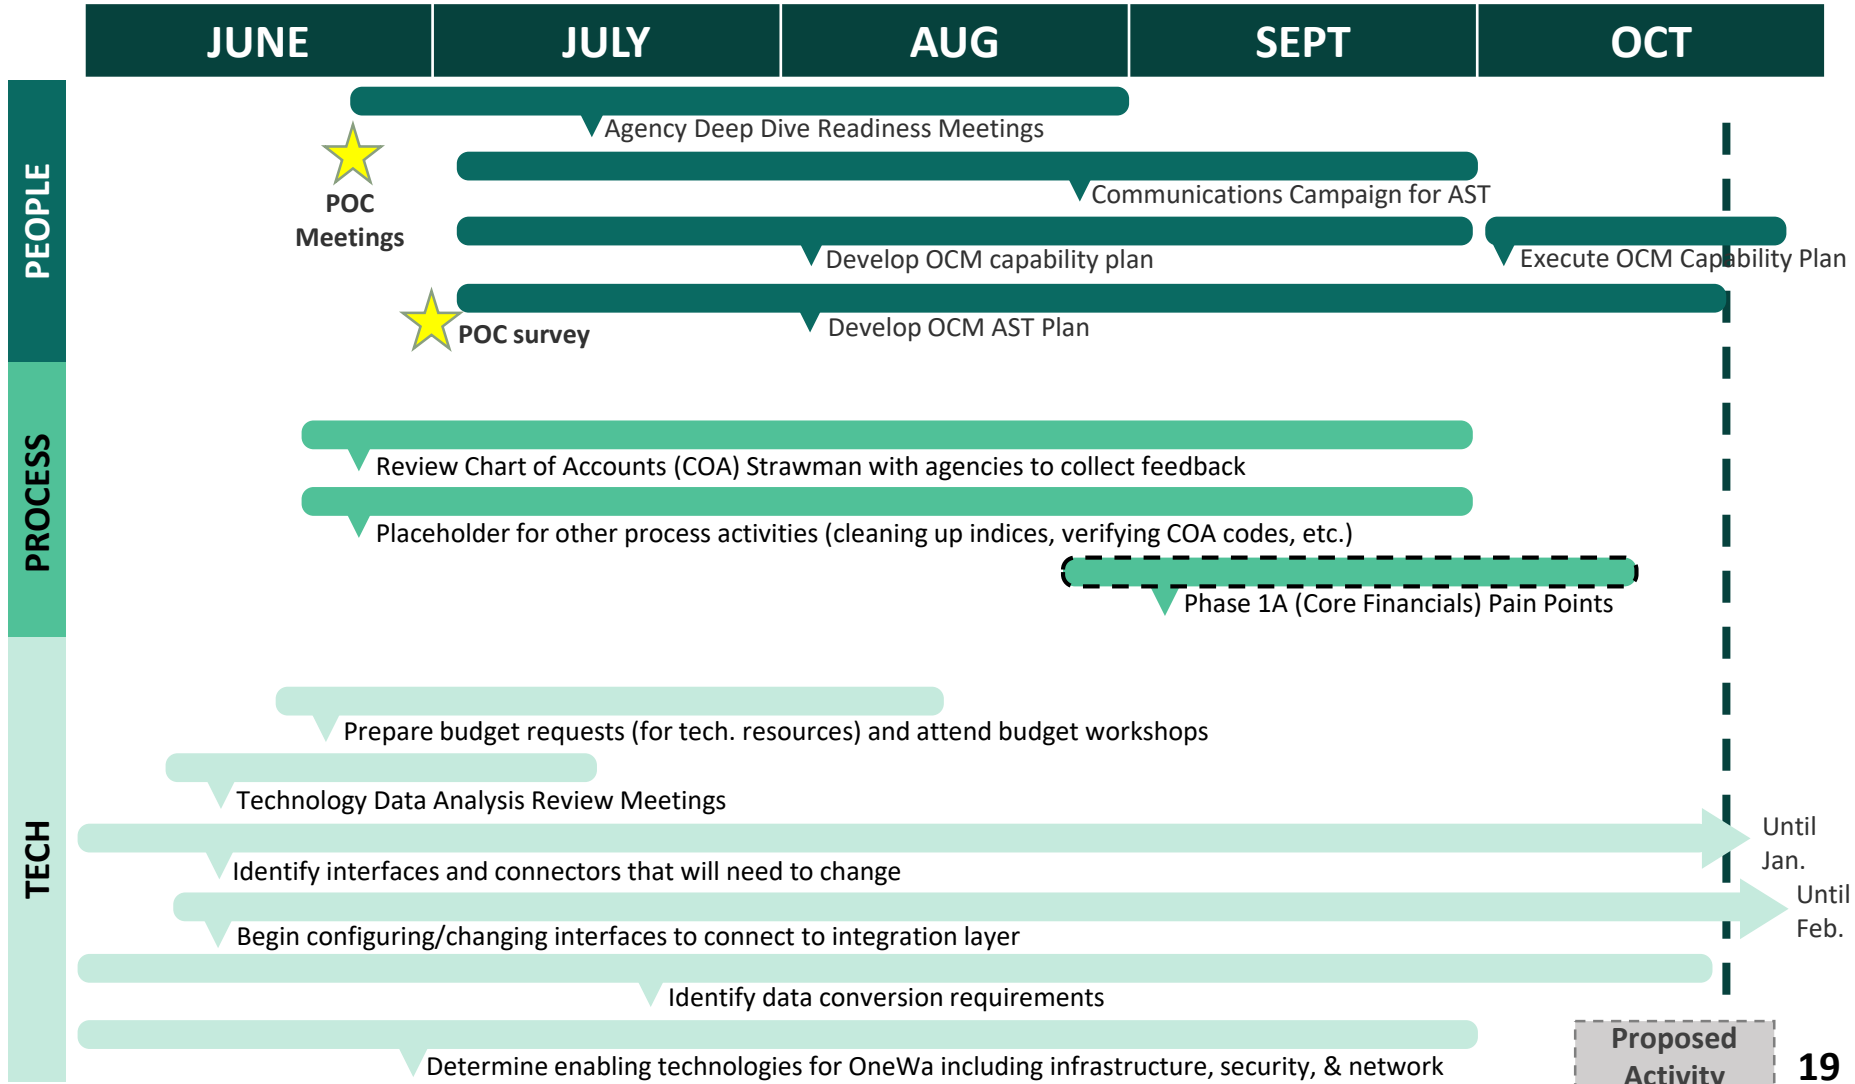

**Note: Agency Support Team (AST) Plan and implementation & OCM Capability Plan and implementation to be part of Deloitte's SOW 2*

DRAFT Agency Readiness: June – October 2020

There are a lot of important readiness activities agencies need to complete before implementation activities can begin in late 2020.

Agency Readiness Activities

Proposed Activity

Agency POC Survey

OneWa will be launching a short, 15-16 question survey to all agency POCs at the end of June, which should take no more than 15 minutes to complete.

Objectives

- Understand agencies' current environment and how it relates to OneWa.
- Understand the level of support for OneWa and if the level of support has changed.
- Evaluate effectiveness of readiness activities and what needs to be improved.

Audience

OneWa will send the survey to all Agency POCs (and agency steering committee members if applicable).

Timeline

OneWa will send out the survey link the week of 6/29 with responses due back 7/17.

PART 3: AGENCIES WITH SYSTEM IMPACTS

One Washington
A Business Transformation Program

Near Term OneWa Technology Readiness

In the coming months, the OneWa technology team is focused on providing support to agencies in preparation of ERP system implementation.

Activity		Overview
	Identify interfaces that will need to change	Based on the OneWa Integration Plan, agencies will need to identify all interfaces/connectors that need to change and all non-standard interfaces, so that all interfaces can be changed over by Jan 2021. NOTE: This is for Phase 0 interfaces only.
	Conduct data analysis meetings	Meetings with specific agencies to do a deeper dive analysis review of interfaces with agency readiness data they provided. NOTE: Not all agencies require meetings.
	Configure/change current AFRS interfaces	Move current AFRS interfaces to work with the OneWa data access/integration layer and change to standard interfaces where possible.
	Identify data conversion requirements	For systems that will be replaced, identify what data will need to be converted to the new ERP system and identify the parameters/requirements.
